

SCIOinspire Honored as one of Inc. Magazine's 500/5000 Fastest Growing Companies

*Expertise in health analytics and significant growth earns
SCIOinspire this prestigious ranking*

Hartford, CT (Aug. 22, 2012) – SCIOinspire Corp., a premier healthcare analytics services player, was recognized for its rapid growth and success by Inc. Magazine, placing 845th on the publication's list of the 5,000 fastest growing private companies in America and 60th among health companies.

Firms included on the 2012 Inc. 5000 list are ranked according to percentage revenue growth over a three-year period, between 2008 and 2011. SCIO demonstrated significant growth during that time period.

"The Inc. 5000 list serves to recognize and reaffirm the entrepreneurial spirit among U.S. businesses," notes Siva Namasivayam, CEO of SCIOinspire. "We are delighted to be included. It is validation of our strategic approach and the effort the entire SCIOinspire team has invested during these past few years. While enjoying this honor, we also view it as incentive to continue to strive for excellence in the future."

SCIOinspire offers analytics-driven solutions to the healthcare industry, that help clients improve wellness and quality, improve payment accuracy, decrease costs, and pursue ROI and sustainability. Flexible delivery models— including a blended team of more than 375 dedicated analysts and subject matter experts, proprietary technology platforms and "analytics as a service" — allow SCIO clients to design an approach that aligns with their technology infrastructure and business drivers.

In a congratulatory letter to Namasivayam, Inc. Editor-in-Chief Eric Schurenberg wrote, "To be honored this year is a particularly notable achievement. To rank among the 2012 Inc. 5000, your company had to thrive during three of the toughest years this economy has seen in recent memory. Your success in such times is eloquent testimony to your team's creativity, resilience and tenacity."

To be considered for the Inc. 5000 list, companies must be privately held, for-profit, based in the U.S. and independent. Each must have begun producing revenue before March 31, 2008, generating \$100,000 before the end of that calendar year. Revenue must have increased to at least \$2 million in 2011.
